

# 河南醫藥大學

HENAN MEDICAL UNIVERSITY

# 学术交流会

一、会议时间：2026年6月10日 下午 2:30

二、会议地点：求是楼6楼会议室

三、主办单位：河南省中英脑功能损伤国际联合实验室

协办单位：河南省神经修复与蛋白修饰重点实验室

新乡市脑细胞与疾病研究重点实验室

四、会议日程：

Time 时间	Title 报告题目	Presenter 报告人	Chairperson 主持人
02:30-02:35	Welcome and Introduction		江林华
02:35-03:15	<b>Invited keynote speaker (特邀报告)</b> Roles of the intracellular P2X4 purinergic receptor in ischemic conditions	Sebastien Roger	江林华
03:15-03:40	The antidepressant mechanism of the ventrolateral orbital cortex in chronic pain	盛海燕	江林华
03:40-04:05	CD31-mediated molecular mechanisms of senescent microglia-induced neuronal damage and their implications in Alzheimer's disease	魏林郁	盛海燕
04:05-04:25	茶歇、会议留影		
04:25-04:50	TRPM2 channel-mediated neuronal pyroptosis and its role in cerebral ischemia-reperfusion injury	侯慧芳	魏林郁
04:50-05:15	Role and mechanism of gut microbiota-derived extracellular vesicles in sleep deprivation-induced cognitive dysfunction	孟冬丽	侯慧芳
05:15-05:30	SQR-mediated tau aggregation in microglia triggers AD-like nerve injury	孙振州	孟冬丽
05:30-05:45	The role of sulfhydrylation modification of TRPM2 channel in tau aggregation-induced Alzheimer's disease-like neural injury	刘佩瑶	贵天翔
05:45-05:55	Symposium conclusion		江林华
